This course is a follow-up to the initial *Forming a Campus Behavioral Threat Assessment Team* course. It is designed to provide information on current best practices, refresher training on campus threat assessment procedures, topics in advanced threat assessment, and utilizes tabletop and group exercises to reinforce skills.

This course provides enhanced focus and skill-building on interview techniques designed to give participants a chance to practice their skills in a few key areas, particularly in threat assessment procedures, case management, planning for threat assessment interviews, and in conducting interviews more effectively. While various team members may be familiar with gathering information in the context of a law enforcement interview or a clinical or mental health interview, this course provides strategies, skills, and practice exercises that will enable all members of the threat assessment team to conduct more effective threat assessment interviews.

Participants will gain a better understanding of recent legal developments in campus threat assessment. They will also benefit from a greater understanding of factors that can negatively impact team dynamics and how to remedy them.

Instructors

Sandra Ellis, PhD - Dr. Ellis is an award winning veteran educator serving in executive leadership positions for the past three decades.

Ronald Ellis - Mr. Ellis retired from the Illinois State Police. He has conducted numerous school and campus safety training program throughout Illinois.
