This course provides increased understanding of behavioral threat assessment in elementary and secondary schools. The training materials provide in-depth information, model policies and sample operational guidelines, protocols for law enforcement interviews of students at school, threat assessment team models, and related research studies. The training targets actions based on behavioral assessments and focuses attention to school and public safety concerns as well as legal issues involved in the process of managing potentially dangerous student behavior.

Participants will gain an enhanced understanding and ability to identify persons exhibiting threatening or aberrant behaviors, evaluate the risk of the threat, and provide appropriate interventions and case management strategies to reduce the risk of violence.

Schools are encouraged to send a team of 3-5 staff. Although recommended, schools are not required to send a full team nor are they limited to sending only 5 participants.

Instructors

Sandra Ellis, PhD - Dr. Ellis is an award winning veteran educator serving in executive leadership positions for the past three decades.

Ronald Ellis - Mr. Ellis retired from the Illinois State Police. He has conducted numerous school and campus safety training programs throughout Illinois.
