Overview

These New Mexico
Tech courses provide
technical operations
and awareness
training for law
enforcement,
firefighters, EMS,

school administration and other personnel who have a significant
responsibility for responding to Weapons of Mass Destruction (WMD)
incidents involving explosives and incendiary materials.

The Incident Response to Terrorist Bombings (IRTB) course focuses on
response protocols to situations involving all types of explosives and/or
threats pertaining to the criminal use of explosives. The Understanding
and Planning for School Bombing Incidents (UPSBI) course is specifically
tailored for prevention and response to school bombing incidents.

Classroom Topics

- Understanding the Terrorist Threat
- Recognition, capabilities, and hazards associated with commercial,
military, and homemade explosives
- Recognition of Improvised Explosive Devices (IEDs)
- Prevention, response, and mitigation
- Safety Issues/Considerations/Preparedness Plans
