Funding provided in whole or in part by the Illinois Emergency Management Agency, Office of Homeland Security

The monthly Current Online Behavioral Trends and Updates 2-hr sessions complement Safer Schools Together's Digital Threat Assessment® training. These monthly sessions have been developed out of a need to continue to keep school safety and threat assessment teams informed so that they are able to adapt to the ever-changing digital landscape. Staying up to date with the current digital landscape will help teams build capacity and sustainability within your community. Each monthly session will review the most current trends in social media, with updated information each month!

SST | SAFER SCHOOLS TOGETHER

These sessions include:

- Updates and changes to all leading social media platforms
- Key information for school safety and threat assessment teams
- Case Scenarios: recent case files handled by SST Threat Analysts
- Trends, language, and new ways that students are communicating online
- Risk enhancing behaviors – what to look out for
- Live Q&A with SST Threat Analysts

Register for as many or as few sessions as you like using the individual registration links below! All sessions will run from 9am-11am Central Time and be held via Zoom.

September 24 **October 22**

November 19 **December 17**
